Section Title

- This is the first bullet list item. The blank line above the first list item is required; blank lines between list items (such as below this paragraph) are optional.
- This is the first paragraph in the second item in the list.

  This is the second paragraph in the second item in the list. The blank line above this paragraph is required. The left edge of this paragraph lines up with the paragraph above, both indented relative to the bullet.

  – This is a sublist. The bullet lines up with the left edge of the text blocks above. A sublist is a new list so requires a blank line above and below.

- This is the third item of the main list.

This paragraph is not part of the list.

1. Item 1 initial text.
   (a) Item 1a.
   (b) Item 1b.
2. (a) Item 2a.
   (b) Item 2b.

term 1 Definition 1.

term 2 Definition 2, paragraph 1.

Definition 2, paragraph 2.

term 3 [classifier] Definition 3.

term 4 [classifier one][classifier two] Definition 4.

Date 2001-08-16

Version 1

Authors

- Me
- Myself
- I

Indentation Since the field marker may be quite long, the second and subsequent lines of the field body do not have to line up with the first line, but they must be indented relative to the field name marker, and they must line up with each other.

Parameter i integer

-a	Output all.
-b	Output both (this description is quite long).
-c arg	Output just arg.
--long	Output all day long.
-p	This option has two paragraphs in the description. This is the first. This is the second. Blank lines may be omitted between options (as above) or left in (as here and below).
--very-long-option	A VMS-style option. Note the adjustment for the required two spaces.
--an-even-longer-option	The description can also start on the next line.
-2, --two	This option has two variants.
-f FILE, --file=FILE	These two options are synonyms; both have arguments.
/V	A VMS/DOS-style option.
